Profile

- I had the opportunity to become the project manager of our thesis. In this period, I contributed in creating the concept and developing our system's user interface.
- During my internship, I acquired knowledge in parsing of data using Postman to test the API that is used by the company. Additionally, I gained hands-on experience in assembling and disassembling computer units.

Professional Experience

Computer Science Intern

QA tester

Tulay Sa Pag-Unlad Inc. (TSPI)

04/2023 - 07/2023

Makati City, National Capital Region
